STRANGE OCCURRENCE

A Rat Found in an Elephant's Trunk.

TWO FAST HALF-MILE HEATS

The State Grange Discusses the Proposed Amendments to the State Constitution.

SAN FRANCISCO, October 5.—The reason for the strange actions of Jess, the circus elephant, which went on a rampage early this morning and after breaking her fastenings and nearly wrecking the circus, roamed through the streets of San Francisco, has been discovered. Jess has always been docile and could be handled by any of the circus people. While she was being pursued through the streets this morning by her keepers, they noticed that the big animal acted as if frenzied by fright. Finally when she allowed them to come near, one of the keepers noticed something protruding from the end of her trunk.

He pulled it out and found that it was a live rat. The elephant had been lying on the ground asleep with her trunk stretched in front of her, and it is supposed that the rat ran up her trunk. The animal contracted the muscles of the trunk and held the rodent fast. When the rat had been removed the elephant gave signs of great satisfaction and made no further resistance to being led back to the circus.

VALLEJO RACES.

The Fastest Half Mile Heats on Record.

VALLEJO, Cal., October 5.—William Dixon's chestnut mare Quilt, by Joe Hooker, went the two fastest half mile heats on record today. She won the half mile and repeat race in forty-seven and one quarter seconds for the first heat, and forty-seven and one-half for the second. Valador was a close second in both heats, and Gracie S. third. At the conclusion of the race W. Willis, owner of Gracie S., struck her jockey, Hazelett, a violent blow in the face, knocking him down. Willis then viciously kicked the prostrate boy until he was seized by spectators. He was about to draw a pistol when his arms were pinioned. Willis was arrested and was also ruled off all tracks in America. Quirt carried 122 pounds.

THE STATE GRANGE.

Proposed Amendments to the Constitution Discussed.

STOCKTON, October 5.—At this forenoon's session of the State Grange B. F. Walton of Yuba City was re-elected member of the executive committee. He was the only member whose term of office had expired. By vote of 33 to 1, Merced was selected as the place for holding the next annual session. Consideration of proposed amendments to the state constitution was next taken up. Amendment number one, providing for an educational qualification for voting was adopted, as was also number two, in reference to the formation of new counties. Amendment No. 3, proposing that fruit and nut-bearing trees under the age of 4 years and grape vines under the age of 3 years shall be exempt from taxation, was partially approved.

Abdell's Yearling Record.

SAN FRANCISCO, October 5.—Abdell, king of yearling trotters, is back at Palo Alto. He will start at the breeders meeting at San Jose this month and this will probably be his last appearance on the track this season. Abdell had never worked a mile faster than 2.43 before going on the circuit, but he soon reduced that mark to 2.23, at which the yearling trotting record is likely to stand.

Boone's Show Attached.

NEEDLES, October 5.—Colonel Daniel Boone and his wild animal show, which created such interest at the Midwinter Fair, is in difficulties. After showing here they were preparing to go to Kingman, A. T., when they were attached by their former manager, H. F. McGarvie, for money due him, amounting to $1500. The sheriff will hold them here until the claim is settled.

Budd at Hanford.

HANFORD, October 5.—The Budd meeting in this place tonight was attended by a large crowd of people who packed the opera house to listen to Mr. Budd's speech. Mr. Budd and party made a trip during the day, by carriages, to Lemore via Grangeville and Armona, where they met the people and at Lemore made a speech.

Political Possibilities.

ST. PAUL, October 5.—General Lew Wallace passed through here today on his way to the Pacific Coast. He said if the united sentiment of the Republicans of the country demanded it General Harrison would accept the nomination for President. Wallace thinks Hill will be the Democratic nominee for President.

Bandits Order a Wine Supper.

FORT SMITH, Ark., October 5.—The Cook-Dalton gang of bandits slipped into Fort Smith this evening after committing a bold robbery at Fort Gibson, engaged a big wine and oyster supper and slipped out again before the United States deputy marshals knew of their presence.

Dempsey Signed to Fight.

CHICAGO, October 5.—Articles have been signed for a fight to a finish between Tommy Ryan and Jack Dempsey, "the "Nonpareil." The men will meet at the Auditorium Athletic club of New Orleans, December 12th, for a purse of $6000, weighing in at 144 pounds at the ringside.

McKinley in Iowa.

NEOLA, October 5.—Governor McKinley spoke here today to thousands of people. He made a patriotic speech, and urged the voters of Iowa to put the state back into its old position of one of the banner Republican states of the Union.

Desires Democratic Success.

NEW YORK, October 5.—Chairman Hickley of the Democratic State committee says he has been positively assured that the administration at Washington earnestly desires the success of the Democratic ticket, headed by Senator Hill.

Want a Court Decision.

SAN FRANCISCO, October 5.—The election commissioners today decided to refuse the recommendation of the board of supervisors that the "referendum" question of whether the city should own it's water works be put on the ballots. Mayor Ellert has called a special meeting of the board of supervisors and an attempt will be made to get a mandate from the supreme court to compel the election commissioners to put the question on the ticket.

Lawyer Tyler Fined.

SAN FRANCISCO, October 5.—George W. Tyler appeared in the Alameda superior court today as an attorney and made a motion. The judge remembering that Tyler was disbarred some years ago, adjudged him guilty of contempt and sentenced him to pay a fine of $5. Tyler immediately applied to the supreme court for a writ of habeas corpus. He alleges that he was never legally disbarred.

Alix Fails to Lower Her Record

CHILLICOTHE, O., October 5.—Alix was scheduled to beat her own mark of 2:03¾, but the cold weather and wind were against her and she only made the mile in 2.06½, which under the circumstances was very good.

Estee at Eureka.

EUREKA, Cal., October 5.—Hon. M. M. Estee and Lee Fairchild addressed an immense throng in this city tonight. Armory hall, the largest structure in the city, was packed, and hundreds were turned away.

CARD FROM RAPELJI.

He Denounces ex-Officer Ragsdale's Story as Incorrect.

EDITOR REPUBLICAN:—The Expositor last evening publishes a statement of ex-officer Ragsdale, which I denounce as a misstatement from start to finish. It is only another of his fairy tale charges, in which he has had nearly all the public officers, from the superior judge down to the police, accused of not doing their duty.

It is a strange thing if ex-officer Ragsdale was the appointed agent of the Chinese women arrested by Hi Loy, that he did not know that I also had been acting as their agent for the last six months, and stranger still he did not know the case was settled before it went into court. Hi Loy was properly assessed the costs, and the defendants in turn paid him the money he was out. As for my attempting extortion and using threats, I can prove by both Chinese and white men that the boot is on the other leg.

H. RAPELJI.

THE QUINTET CLUB.

An Enjoyable Ball Given at Armory Hall.

The popularity of the Fresno Quintet Club was signally increased by the success of their ball at the Armory last night.

The music, of course, was the feature of the evening, and to say that it was excellent and hugely enjoyed is putting it light.

The club is composed of the following young men: Al Shade, manager; F. A. Brewer, F. E. Welker and F. Hayes, guitars; William Sherwood, banjo, and T. G. Lippincott, piccolo.

The programs were very unique, and worthy of mention. It consisted of a large letter Q. The corners were in blue and gold, and the leaves on which was the program were clouded white.

The attendance was good, and the club is quite elated with the success of its first attempt.

PROHIBITION SPEAKING.

Hon. Henry French Will Occupy Kutner Hall.

Two candidates for governor will be in Fresno this evening—Hon. James H. Budd and Hon. Henry French—the first Democratic and the last Prohibitionist. It is unfortunate that both are here at the same time, for many would like to hear both. The Prohibitionists explain that they fixed their date first, but would willingly have given way if they could have done so without breaking engagements elsewhere. They offered to pay all expenses for the opera house at the Jim Budd meeting for the privilege of securing one hour of the time for Mr. French. They could not make the arrangement. Mr. French will speak at Kutner hall tonight.

The School Trustees.

The board of education met last night in adjourned session and disposed of a number of matters pertaining to the city schools. Professor Heaton handed in a report on the opening of school and a number of recommendations. The report was referred to a committee with power to act. The principals at the various buildings were instructed to insist upon the payment of the tuition in advance from non-resident pupils. The first Monday in every month was set as the day for payment and the tuition for the present month must be paid by next Tuesday. The rate was fixed the same as last year; $3 a month for high school and $2 for the grammar and primary grades. The board adjourned to meet Monday evening at 7.30, at which time bids for the construction of the high school building will be opened.

Bowers in Selma.

From the Selma Irrigator.

With his usual hospitality, J. E. Whitson threw open the spacious parlors of his handsome residence today to entertain the friends and admirers of the Hon. W. W. Bowers. Mr. Bowers, Judge Torrence, nominee for supreme judge, George L. Arnold, nominee for member of the state board of equalization, W. R. Clark, nominee for railroad commissioner, J. P. Vincent, candidate for county assessor, and Judge Webb dined with Mr. Whitson today and Mr. Bowers will continue his guest during his stay among us. Many of the prominent Republicans of Selma and the neighboring precincts paid their respects to Congressman Bowers during the afternoon and a few old Democrats straggled in to show their friendly feeling.

THE SUPERVISORS.

Money Will Be Saved on the Great Register.

A PRINTING BILL DISALLOWED

A Probable Saving of Several Hundred Dollars to the Taxpayers.

The full board was present yesterday morning and afternoon; but the supervisors transacted little business at the morning session outside of passing on bills against the county.

In reference to a bill of $300 sent in by Armstrong & De Guerre of San Francisco, dated May 29th, for printing 1000 copies of the election laws of the state, District Attorney Church rendered the following opinion:

"The Board of Supervisors of Fresno county:—I know of no authority for procuring to be printed the election laws of California at the expense of the county either by the clerk or the board, and therefore no authority for allowing the claim of Messrs. Armstrong & De Duerre. I recommend that it be not allowed.

"FIRMAN CHURCH,
"District Attorney."

The matter of printing the great register came up for settlement and was prefaced by the following opinion of the district attorney, which was read by the clerk:

"TO THE HONORABLE BOARD OF SUPERVISORS:—Section 23, County Government Act, requires the board to advertise ten days for the furnishing of stationery, etc.

"Stationery means articles usually sold by stationers, such as paper, ink, quills, etc. (Webster.)

"The board shall annually fix the price for job work, printing and blank books, and fix price for county advertising. (Sec. 23, County Government Act.)

"The board must provide printed copies of register, etc., and allow a reasonable charge therefor. (Sec. 34, County Government Act.) The printing of the great register is not job work, nor county printing governed by Sec. 23, but governed entirely by Sec. 34, County Government Act. (Frandzen vs. county of San Diego, 101 Cal., p. 317.)

"The board may or may not, as it shall seem best, advertise for printing of job work, etc., and for the great register, but are not required to do so by law.

"The board must advertise for ten days for bids for furnishing stationery, but for bids for printing great register may advertise ten or any number of days, or not at all, as it shall determine. The great register will not be completed until October 20th, and therefore not ready for the printer until that time, and if desired the board may advertise and receive bids until about that time, unless the successful bidder shall want time for preparation, but, as before said may fix the price or have it done without advertising.

"FIRMAN CHURCH,
"District Attorney."

"Now gentlemen," said Chairman Letcher, "what is your pleasure? The contract can be let with or without advertising. I would like to hear from each member of the board on the matter."

Mr. Sayre—"We might advertise for bids to be in the hands of the board by next Wednesday or something like that, so as to be ready for Thursday."

Clerk Johnson—"I may as well say that the county clerk has already given out the contract to print the great register."

Mr. Sayre—"How is that? That is news to me."

Chairman Letcher—"We want to get at the facts. Bring down Mr. Shepherd's chief deputy and let us see."

Mr. Butler—"It seems that under the decision quoted by the district attorney Mr. Shepherd has not the right to do it. It has always been done by the county clerk before."

Chairman Letcher—"This decision practically says that he has no right to give out the printing of the great register. That right is placed in the hands of the board of supervisors. Under existing financial conditions I am in favor of saving all possible expense to the taxpayers of the county."

Clerk Johnson here returned, saying that the chief deputy knew nothing about any contract made by Mr. Shepherd to give out the printing."

Jesse F. Church of the Expositor, who was present, was asked if he knew anything about such an arrangement and replied that he did not.

Mr. Sayre—"I move that we advertise for bids to print the great register, the contract to be awarded to the lowest bidder, with the usual bonds."

The motion was carried and, on motion of Butler, seconded by Foster, the advertisement was ordered to be inserted in the Expositor.

Wickersham sarcastically asked why the People's Party paper wasn't favored with the advertisement.

Mr. Sayre—Is there a People's Party paper? [Laughter.]

The matter of inviting bids for printing the delinquent tax list went over till today.

The clerk was directed to advertise for bids for hospital supplies during the ensuing year, each article to be separately bid for.

The petition of John Heckel and others to take from Centerville precinct and annex to Sanger precinct No. 1 all of sections 12, 13 and 24, township 14 south, range 22 east, was allowed.

The petition of McNeil brothers to create a new voting precinct in Supervisoral District No. 1 was denied.

The petition of H. Akers and others to create a new voting precinct in District No. 4 was taken under advisement.

F. A. Foin has had practical experience in his business since 1849, and if you have had trouble in getting good work done in tinning and plumbing, give him a call. All work warranted first-class, and reasonable charge. F. A. Foin & Son, Fresno street, below the old postoffice.

FOR COUNTY SURVEYOR.

The office of county surveyor is one of the most important. This may not seem to be the case to those not intimately acquainted with the work to be done. It must be accurate, thorough, and it must be done with justice to all. The surveyor has it in his power to take from one man and give to another, or to take from all and give to the county, or from the county and give to them, and his report is nearly all things in fact. Thus it is of the greatest importance that the county surveyor should be a man competent to do the work and at the same time he should be capable of deciding justly between man and man.

George L. Hoxie, the present incumbent, and Republican nominee for re-election, has shown his sterling worth during the two years he has been county surveyor. There is not an officer in Fresno county who works harder than he. Not only is his office work heavy, but he takes the field with his theodolite, and he considers a day's work to last from daylight till dark, uphill and down, rain or shine. He is a young man of energy and perseverance, and Fresno county may well feel a pride in his success. He was born at Millert on in 1864, and has spent the most of his life here, except a time at school in Massachusetts. He learned civil engineering under the best practical teachers, and largely by practical experience.

The best proof of a man's qualifications is not what he promises to do, but what he has done. The county surveyor's office, since Mr. Hoxie took charge, has been carefully and intelligently kept. He has brought about three reforms that deserve special mention, and any one of which would be a good record for one term. When he went into office it was; and had been the custom to file deeds for rights of way for roads in the recorder's office just as the came, and without any particular investigation as to the land actually conveyed by each deed. The county pays $3 to the man who gives each right of way and makes a deed for it. When Mr. Hoxie came into office he discovered that many void deeds were being filed. Men who did not own the land at all gave deeds for rights of way, and collected $3. In one instance it was found that five different men had deeded the same right of way to the county and collected their $3 each. Four of the deeds were worthless. The making of deeds for rights of way was a lucrative business, and it was next to impossible to find in the recorder's office a correct abstract of title for some of the rights of way.

Mr. Hoxie changed all this at one move. All deeds for rights of way now must pass through his office. Those which are correct, he passes; those not correct, go back to the makers. He keeps a deed book for rights of way, and by this reform, he has saved the county hundreds of dollars and great confusion. On one road alone he saved the county $500 by showing that the county already owned the right of way it was about to buy over again. This is just what a county surveyor is for, and herein lies the difference between a competent and an incompetent one.

Another important reform inaugurated by Mr. Hoxie was the keeping of a road calendar in his office, containing a full record of all the supervisors do with regard to roads. This contains a complete history of every road from the time it was first petitioned for till the present. This was never done before in this county. The supervisors, of course, kept the record of roads scattered here and there through all their proceedings, but it was a hard matter to find and follow the proceedings in any particular road. Mr. Hoxie has all this in neat and compact form.

Another very important reform, from he standpoint of cost, has been made by the present surveyor. The old method was to send half a dozen men with him when he went to survey a road, two of whom were "viewers." They had nothing else to do but ride along and make their report. Mr. Hoxie has abolished that article of luxury. He selects two chain carriers who have sufficient intelligence to do the viewing also, and they do both, and with only the pay of chain carriers. He gets along with never more than four men, and usually three, whereas the former custom was to take six. This is a saving to the county of $6 a day for the most of the year.

The amount of work done by Mr. Hoxie has been enormous, probably nearly double that of any other county surveyor preceding him. He has done some exceptionally fine work. The Sequoia road is a sample. It was built by contract, at his recommendation, and was constructed for nearly $8000 less than if done by day's work. Mr. Hoxie always recommends that road construction be done by contract. Other roads surveyed by Mr. Hoxie, which deserve mention on account of their importance, are the Morgan road, beyond Big Sandy; the Jennings road, on Pine Ridge; the Tivy and Lower Mill creek roads.

Mr. Hoxie, as a candidate for re-election, stands squarely on his record during the two years he has held the office. His work has been satisfactory. He has never had one of his recommendations for damages in right of way condemnations lowered by the supervisors. No road he has ever surveyed for the county is in dispute as to lines. He always aims at accuracy and justice, and he is an officer whom the people of Fresno county need just where he is, and he is ready to serve them in the future as faithfully as in the past.

RAILROAD COMMISSIONERS.

The evening journal says that no one has accused Mayor W. R. Clark of Stockton, Republican nominee for railroad commissioner, "of being anti-railroad except for revenue." So far as our information goes the Expositor has no more ground for making such a charge than THE REPUBLICAN would have for making a similar charge against W. W. Phillips, the Democratic nominee.

No man can say that either one of these candidates are "anti railroad" until they have been tried. If there be any foundation for the Expositor's insinuation that there are people who know Mr. Clark who believe that he will not do his duty if elected, the same can be said of Mr. Phillips with absolute truthfulness. No one is better informed than the Expositor in regard to the number of Democrats in Fresno who do not expect any unusual benefits in the event of Mr. Phillips' election. Because of this fact it does not necessarily follow that Mr. Phillips will not do his duty should he become a member of the railroad commission, nor do these opinions give THE REPUBLICAN license to say that he will not.

This paper does not propose to promise the voters of this valley that Mr. Clark will relieve them from the unjust burdens which are imposed upon them, for it does not know that he will do so, nor does it, because there are considerable numbers of Mr. Phillipp's fellow Democrats who doubt his sincerity, propose to say that he will not keep his promises. That sort of thing is all right for a scurrilous and irresponsible partisan organ, but it is not in line with the policy of this paper.

Of the two candidates Mr. Clark is the one who has a public record, and we are reliably informed that he has been instrumental in securing the inforcement of municipal regulations in Stockton that were decidedly opposed by the Southern Pacific company. His record, therefore, is in his favor. Mr. Phillips has never been put to the test in any public capacity, and must therefore be judged entirely by the estimate placed upon him by those who know him in his private business relations. In this respect THE REPUBLICAN has no more excuse for attacking him than the Expositor has for assailing Mayor Clark. Probably the worst thing that can be said of Mr. Phillips as a candidate for railroad commissioner is that he apparently has the support of the Expositor.

THE Democratic newspapers have undertaken a hopeless task when they attempt to make the people believe that Congressman Bowers has not honestly and earnestly voiced the will of the people of this district on the various issues which have come before the house of representatives. The people have been taking great interest in watching the course of their representative, and they cannot be easily deceived. No member of congress who was not thoroughly independent of the influence of the corporations and of political cabals would have taken the course which Congressman Bowers has on the funding bill, railroad land grants, etc. The fact is that Bowers' record is above question, and attacks made upon him will be resented by the voters of all parties who believe in giving credit to a public man who is faithful to the trust imposed in him by the people.

FARMERS who acted on the advice of Democratic papers to "vote for Cleveland and $1.25 for wheat," are not anxiously seeking advice from the same source. They would prefer to have those "orgine" of Grover pungle up the difference between 50 cents and $1.25.

MR. BUDD and his buckboard have been distanced by a Maryland candidate for congress who is making his campaign on a bicycle. Walking seems to be about the only thing left in the way of sensational locomotion for candidates.

THE result of unfair and indecent abuse of a candidate for office in the public press will be shown in the increased majority which will be given Jay Scott for sheriff.

PROCLAMATION!

STATE OF CALIFORNIA,
EXECUTIVE DEPARTMENT,
SACRAMENTO, August 1, 1894.

Whereas, The Legislature of the State of California, at its thirtieth session, beginning on the second day of January, A. D. 1893, two-thirds of all the members elected to each of the houses of said Legislature voting in favor thereof, proposed the following described amendments to the Constitution of the State of California, to-wit:

AMENDMENT NUMBER ONE.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 3.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State, amending section one of article two thereof, relative to the right of suffrage.

Section 1. Every native male citizen of the United States, every male person who shall have acquired the rights of citizenship under or by virtue of the Treaty of Queretaro, and every male naturalized citizen thereof, who shall have become such ninety days prior to any election, of the age of twenty-one years, who shall have been a resident of the State one year next preceding the election, and of the county in which he claims his vote ninety days, and in the election precinct thirty days, shall be entitled to vote at all elections which are now or may hereafter be authorized by law; provided, no native of China, no idiot, no insane person, no person convicted of any infamous crime, no person hereafter convicted of the embezzlement or misappropriation of public money, and no person who shall not be able to read the Constitution in the English language and write his name, shall ever exercise the privileges of an elector in this State; provided, that the provisions of this amendment relative to an educational qualification shall not apply to any person prevented by a physical disability from complying with its requisitions; nor to any person who now has the right to vote; nor to any person who shall be sixty years of age and upwards at the time this amendment shall take effect.

AMENDMENT NUMBER TWO.

SENATE CONSTITUTIONAL AMENDMENT No. 11.

A resolution proposing to the people of the State of California an amendment to section three of article eleven of the Constitution of the State of California, relating to the formation of new counties.

Section 3. The Legislature, by general and uniform laws, may provide for the formation of new counties; provided, however, that no new county shall be established which shall reduce any county to a population of less than eight thousand; nor shall a new county be formed containing a less population than two thousand; nor shall any line there of pass within five miles of the county seat of any county proposed to be divided. Every county which shall be enlarged or created from territory taken from any older county or counties, shall be liable for a just proportion of the existing debts and liabilities of the county or counties from which such territory shall be taken.

AMENDMENT NUMBER THREE.

SENATE CONSTITUTIONAL AMENDMENT No. 7.

A resolution proposing an amendment to the Constitution of the State of California, by adding a new section to article thirteen of the said Constitution, to be numbered section twelve and three fourths (12¾), relating to revenue and taxation.

Section 12¾. Fruit and nut bearing trees under the age of four years from the time of planting in orchard form, and grape vines under the age of three years from the time of planting in vineyard form, shall be exempt from taxation, and nothing in this article shall be construed as subjecting such trees and vines to taxation.

AMENDMENT NUMBER FOUR.

ASSEMBLY CONSTITUTIONAL AMENDMENT No 12

A resolution proposing to the people of the State of California an amendment to section seventeen, article one, of the Constitution of the State of California.

Section 17. Foreigners of the white race, or of African descent, eligible to become citizens of the United States under the naturalization laws thereof, while bona fide residents of this State, shall have the same rights in respect to the acquisition, possession, enjoyment, transmission, and inheritance of all property, other than real estate, as native born citizens; provided, that such aliens owning real estate at the time of the adoption of this amendment may remain such owners; and provided further, that the Legislature may, by statute, provide for the disposition of real estate which shall hereafter be acquired by such aliens by descent or devise.

AMENDMENT NUMBER FIVE.

SENATE CONSTITUTIONAL AMENDMENT No. 17.

A resolution proposing to the people of the State of California an amendment to section seven, article eleven, of the Constitution of the State of California.

Section 7. City and County governments may be merged and consolidated into one municipal government, with one set of officers, and may be incorporated under general laws providing for the incorporation and organization of corporations for municipal purposes. The provisions of this Constitution applicable to cities, and also those applicable to counties, or to all municipal corporations, shall continue to be applicable to each consolidated government.

AMENDMENT NUMBER SIX.

SENATE CONSTITUTIONAL AMENDMENT No. 7.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State, amending section nine of article thirteen thereof, relative to the election of a State Board of Equalization.

Section 9. A State Board of Equalization, consisting of one member from each congressional district in this State, shall be elected by the qualified electors of their respective districts, at the first general election to be held after the adoption of this amendment, and at each general election every four years, whose term of office shall be for four years, whose duty it shall be to equalize the valuation of the taxable property in the several counties of the State for the purposes of taxation. The Controller of State shall be ex officio a member of the Board. The Boards of Supervisors of the several counties of the State shall constitute Boards of Equalization for their respective counties whose duty it shall be to equalize the valuation of the taxable property in the county for the purpose of taxation; provided, that State and County Boards of Equalization are hereby authorized and empowered, under such rules of notice as the County Board may prescribe as to the county assessments, and under such rules of notice as the State Board may prescribe as to the action of the State Board, to increase or lower the entire assessment roll, or any assessment contained therein, so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said rolls; provided, that no Board of Equalization shall raise any mortgage, deed of trust, contract, or other obligation by which a debt is secured, money, or solvent credits, above its face value. The State Board of Equalization elected in eighteen hundred and ninety-four shall continue in office until their successors as herein provided for, shall be elected and shall qualify.

AMENDMENT NUMBER SEVEN.

SENATE CONSTITUTIONAL AMENDMENT No. 10.

A resolution to propose to the people of the State of California an amendment to article thirteen of the Constitution, section one, in relation to revenue and taxation.

Section 1. All property in this State, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law. The word "property," as used in this article and section, is hereby declared to include moneys, credits, bonds, stocks, dues, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership; provided, that property used for free public libraries and free museums, growing crops, property used exclusively for public schools, and property belonging to the United States, this State, or to any county or municipal corporation within this State, shall be exempt from taxation. The Legislature may provide, except in case of credits secured by mortgage or trust deed, for a reduction from credits of debts due to bona fide residents of this State.

AMENDMENT NUMBER EIGHT.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 31.

A resolution to propose to the people of the State of California an amendment to section seven (7) of article nine (IX) of the Constitution of the State of California, by increasing the number of members constituting the State Board of Education, by adding thereto the President and Professor of Pedagogics of the University of California.

Section 7. The Governor, the Superintendent of Public Instruction, the President of the University of California, and the Superintendent of Pedagogy therein, and the Principals of the State Normal Schools, shall constitute the State Board of Education, and shall compile, or cause to be compiled, and cause a uniform series of text-books for use in the common schools throughout the State. CHEERS FOR BOWERS

He Enthuses a Big Crowd In the Park.

MAGUIRE TREATED TO A ROAST

The Reilly Funding Bill Denounced As a Democratic Humbug And a Fraud.

Hon. W. W. Bowers, representative of the Seventh Congressional district, arrived on the overland train yesterday morning and took up his quarters at the Hughes hotel. He was accompanied by Judge Torrance of San Diego, and the arrival of the guests was greeted with the explosion of giant powder.

In the evening a procession was organized which, preceded by the Park Band playing "Marching Through Georgia" and other inspiring airs, passed by way of J and Mariposa streets to the park. The guests were seated in two open carriages and with them were Drs. Deardorff and Rowell, George Arnold of Los Angeles, candidate for membership of the state board of equalization, Mayor Clark of Stockton, A. J. Weiner and George W. Jones, secretary of the Republican county central committee.

The crowd that gathered around the stand was probably the largest that has ever assembled since the structure was erected and several hundred were compelled to stand during the two hours taken up by Mr. Bower's speech. The crowd listened with the greatest attention, and was as enthusiastic and appreciative as the most critical orator could desire.

Dr. Deardorff introduced Dr. Rowell as chairman of the meeting, and the latter in turn introduced Mr. Bowers, who was very cordially received. Though suffering from a sore throat caused by campaign work, Mr. Bowers was easily heard and followed by those most remote from him in the crowd. He is not an ornate, fluent or polished speaker like Maguire, but his rough and ready plain Saxon English made every word go straight home to the hearts of his hearers.

Mr. Bowers began by saying that he had not come to make an oration, but to talk business. A friend of his in San Diego said he had not mixed in politics because the old parties had become so corrupt that it made no difference which won. "That man," said the speaker, "knows now that it does make a difference what party wins, and what business methods are to be used in conducting the affairs of the government.

"It didn't work any difference all the time that the country was under Republican rule, during a quarter of a century of prosperity. You saw a Democratic President and a Democratic house for four years, yet prosperity continued. Why? Because you had a Republican senate to stand by you, and so long as you had that it was impossible for the wreckers to break down the prosperity of this country. But the moment all the departments of the government were surrendered to the Democratic party then you saw the difference."

The speaker quoted the remarks of Bourke Cochran, a New York Democratic congressman, admitting the previous prosperity and the panicky conditions in 1893. "Prosperity," said Mr. Bowers, "has no affinity, and cannot dwell with modern Democracy."

He charged that the Democracy in seeking to assign the Sherman bill as a cause of the present depression is avoiding the real issue as it always does. Democratic candidates prefer quoting ancient history to their hearers so that the minds of the latter may not dwell on the history of the last two years. They are not proud of it.

What has happened to bring about all these disasters, all this distress that has stopped nearly all the mills in the country? Only just one thing—the government has been turned over to the Democratic party; that is all.

Mr. Bowers spoke of the anxiety of the treasury to wait for a fall in the price of silver in London, 'the headquarters of the Democratic party.' As a result of Democratic legislation on silver coinage they have had to issue $50,000,000 in bonds, bearing 5 per cent interest, and even they did not last long.

"What caused this paralysis of business? It was the threat of the Democratic party to destroy the industries of the United States for the benefit of England, Germany and France.

"One candidate on the Democratic ticket has been reported as saying that his party has passed a bill of which every American should be proud. The man who said that was not there. [Laughter.] I know a lot of old Democrats, including President Cleveland, who are not proud of it at all." [Renewed laughter.]

The speaker quoted Tom Johnson, a Democrat, as saying, "We have not honestly tried to reduce taxation as we said we would. We have not tried to abolish trusts as we said we would; on the contrary we have shown a most tender solicitude for the welfare of trusts and have failed to redeem our pledges to the people."

"Did Tom lie?" asked Mr. Bowers in his quaint, dry way, and the audience burst into a roar of laughter. "Why," said he, "the President himself has said there is no mistake about the feeling of the rank and file of this country!"

Mr. Bowers told a humorous story about the bad Indian who said he was "all cheek" and intimated that this is the trouble with the Democracy.

He entered into a secret history of the Wilson bill and its metamorphosis into the Gorman-Brice bill. The President was so angry because he couldn't defeat that bill that he got an attack of malaria and went off on a fishing trip.

The visit of Wilson and Morton to London and their enthusiastic welcome in "the headquarters of the Democratic party," furnished Mr. Bowers with splendid material for an assault on the men who made it their boast in London that "they felt quite at home." They were with the men they had been working for, the lords and the baronets, in whose interests they had been breaking down American industries. He would say if these Americans felt so much at home in London "in God's name let them stay there; they are not wanted here" (applause).

"The Democratic party," continued Mr. Bowers, "has denounced the Republicans for laying grievous burdens on the laboring man. The Democrats have relieved him of one burden at all events—that of carrying home his wages every week." (Laughter.)

Wool received the speaker's attention and he roundly denounced Maguire, for saying that the lowest use to which land and labor have been put is the production of wool, which ranks seventh in the list of American industries. He said that to speak of wool as raw material is as absurd as to speak of corn in the same sense.

The interest of the raisin growers received a passing notice and then Mr. Bowers took up Maguire's recent attack on his position with reference to the West Side settlers and the Reily funding bill. He said he was astonished that a man would so deliberately attempt to deceive the people of this district. Of course he was sent down into the valley for the express purpose of making it appear that Bowers is a tool of the railroad.

"I wish to say on this point," continued Mr. Bowers, "that no man has influence to pass a bill for the relief of the settlers on the West Side through a Democratic congress. I thank God I am not responsible for the sins of this congress.

"Mr. Maguire says the Republican representatives of California did nothing in the fight against the Reilly bill. There was no fight. It was a humbug, buncombe bill, like most of those things, never intended to become a law, but just for use in this election. It was introduced by a Democratic member from Pennsylvania into a Democratic house of representatives, and reported favorably by a Democratic committee. It was placed on the calendar with nearly 1,000 bills ahead of it, and won't be reached in the regular order in 10,000 years, because those bills never are reached. When congress meets in March that bill will be either a law or as dead as if it had never been born. All measures die with congress except those that are passed. The bill is a humbug and a fraud. They dare not pass it."

The railroad matter was subjected to a passing notice, in which the speaker believed in compelling the companies to meet their obligations, but deprecated government ownership. To take the roads, the government would at once have to assume the first mortgage bonds amounting to $70,000,000, whereas both roads could be duplicated for $40,000,000.

He favored the construction of the Nicaragua canal, and then spoke a few words about the Populists, asking if any one believed that men who claimed to have left the old parties because of their corruption expected to found a pure government themselves. A stream cannot be purer than its source. "We are pretty much all made of the same kind of mud," was the way Mr. Bowers put it, and the audience laughed assent.

He referred to the Populist record in Colorado, Kansas and Oregon, and pronounced it not calculated to inspire confidence in the ability of the People's Party to handle the reins of government. The address concluded with a stirring appeal to the "old soldiers" to stand by the Republican party.

The meeting dispersed with three rousing cheers for Bowers.

TWO BURGLARIES.

Both Are Committed in Broad Daylight.

The people of this city would do well to look out very sharply for burglars and sneak thieves, not only at night, but also by day, for two daylight burglaries are reported for yesterday and the day before.

Yesterday the residence of L. B. Bates, on J street, was entered in the day time, and with an ax the doors of all the rooms except one were pried open, and in some instances the woodwork was badly mutilated. Mr. Bates and his family were away from home, and W. West and John Wrighton were staying in the house during the owner's absence. They left at 9 o'clock in the morning and returned at 3, and the mischief had been done during the time they were away. No articles of value were missed. The thieves seemed to be looking for money. There is a clew to the guilty parties and they are being watched.

On Wednesday the residence of Tax Collector Guard, near the K street school house, was burglarized. Mrs. Guard was visiting a neighbor across the street, and was absent from the house a couple of hours, and the thieves got in their work in that time.

The High School Senate.

The high school senate held a business meeting last night, and then adjourned to hear Hon. W. W. Bowers discuss practical legislation.

Officers for the ensuing term were nominated. The following names were proposed for membership: Luther Gray, Homer Patterson, Sterling Patterson, Worden Foster, Clarence Shanklin, Henry Brickley, James Anderson, Maurice Calderwood, Walter Burns, Joe Arakelian.

French Will Speak.

Hon. Henry French of San Jose, Prohibition candidate for governor, will address the electors of Fresno at Kutner hall on Saturday evening, October 6th. Don't fail to attend. *

The Kings' Daughters of the K-street Methodist church will give a series of lunches during the week of the county teachers' institute. *

A Dangerous Practice.

Considerable complaint is heard of the dangerous practice of small boys jumping on drays and express wagons. One little fellow climbed on a dray yesterday afternoon and fell over, and the heavy wheel missed his body by only a hair's breath. Had the wheel passed over him it would have been instant death.

BOB HART'S SPEECH

Delivered at the Fifth Ward Democratic Club.

There has been some talk, and not a little surprise, because S. R. Hart made a speech at the Fifth Ward Democratic Club Thursday evening. It being a matter in which considerable interest has been taken, it is but justice to him, as well as to the Fifth Ward Democratic Club, to give a verbatim report of his address on that occasion, as it was taken down in short hand at the time. It is as follows:

"This world is all a fleeting show,
For man's illusion given;
There are few Democrats on earth,
And many a one in heaven."

Colored Republican Club.

The colored Republicans of Fresno met last night at the Fiske opera house, I street, and organized a Republican club. After the club was organized there was a dance, and an old-fashioned southern dinner. There was speaking, and plenty of enthusiasm and a good time generally. The colored voters of Fresno may be counted on to do their part on November 6th, for the cause of the party of progress.

THE MAN ABOUT TOWN

Decline Is on the Brow of Populism.

HOSTILE DEMOCRATIC FACTIONS

The McWhirters and Anti-McWhirters—Risley Complains.

The Triangle's Adviser.

The time for the election draws near. There are still thirty days in which candidates can make peace with the voters, but the time seems short for those who feel that something must be done. However, the Populists probably wish that the election had passed off a month ago, for they realize that the best time is past with them. The flood of that tide which leads to fortune is now on the ebb, for the followers of Cator and Rork.

It cannot be otherwise. The result could have been foreseen when the Populists started out so early in the season with so much noise, excitement and furor. Every Populist in the county thought it his duty to go electioneering, and he went. Rork came and went. Others followed. Orators proclaimed the tidings of a new political salvation, and described a state of affairs where all men would be equal, and the lazy vag would have as much to eat as the man who worked six days in the week.

Where are all of those orators now? Where are their theories, their noise, and their shouts of anticipated victory? They have fallen flat. They have worn themselves out. They have thrashed the old straw till nobody enjoys the work any longer. They began too early, churned themselves too violently, and now, right on the eve of the election, when they need strength, they are exhausted. They are like the man who had to jump a ditch and went back three miles to get a good run. When he came to the ditch, he was so tired he had to sit down and rest before making the jump.

Does anybody doubt the fact that the Populists are losing ground every day? It is but natural. So much of the doctrines they preached was froth and effervescence that it was unable to stand the cooling process of truth and reason, and it has collapsed. Several of those who went into the Populist convention when the excitement was at the highest, hoping that they would be nominated, now are back in their old parties, and are kept busy explaining how they happened to make such a blunder.

Van Meter, as the story goes, although nominated, has not abandoned the Democratic party, but says the party has drifted away from him, something after the manner, perhaps, in which the Republican party drifted away from Ben Butler in 1880.

* * *

And as for Risley, he does not so much as claim that the party to which he formerly belonged, the Republican, has drifted away from him or that he has drifted away from it. He says he is a Republican, always was, and never renounced his allegiance to that party, although he accepted the nomination for superior judge from the People's party. This is the statement that he makes while electioneering among Republicans. He may not make it while among Populists. He says there was an understanding when he went into the Populist convention that the Republicans were to indorse him, and that he was to be regarded as the Republican candidate as well as the choice of the People's party. He says he has been badly treated by the Republicans who failed to indorse him and place him on their ticket; and on this score he appeals to the voters to stand by him and see that his wrong is righted. The statement is not made as to how, with whom and when he made this bargain that he was to go into the Populist convention and then be indorsed by the Republicans. Neither has the information been obtained from any Republican source that such a bargain was entered into. Possibly it is a similar case of a man who starts out boldly to float on a plank, but after getting away from shore finds the plank is too small, and then tries to appropriate some one else's plank.

* * *

The Democrats of this county are in this campaign at a great disadvantage on account of the smouldering fires of hatred and distrust in their own ranks. The fact that efforts, and sincere efforts, have been made to heal these party wounds inflicted in civil strife, cannot be denied; but the efforts have been unsuccessful. They have been bound and linted, but not healed. The lines of division in the Democratic party of Fresno county are as clearly defined today as when Louis B. McWhirter led the fight to a finish against the office-holding families in the court house. The removal of the ill-fated McWhirter did not remove the factions. They remained in existence; and in spite of time and efforts of politicians, these factions still exist, and whenever there is an occasion they come to the surface, and the contest which McWhirter led in his life time, is now maintained over his grave.

The existence of the two Democratic clubs in Fresno today show this. The matter is kept quiet. It is not talked openly. It is only spoken of when one man talks in private with another, and no third party listens. They speak their sentiments then. Although nothing is said in conventions, yet every one understands the state of the case exactly, and the contests go on for supremacy, and sometimes one faction gains an advantage, and sometimes the other.

* * *

In the late county convention the anti McWhirter faction carried the day in most of things, and at least succeeded in nominating their candidates for the four most important offices, the two judges, the sheriff and the district attorney. They made no special effort on the other offices, but perhaps they held more than an equal share of them also. The McWhirter element had great strength in the convention, perhaps a greater strength than the other faction in mere point of numbers. But those who were opposed to McWhirter outgeneraled the others and carried off the four chief nominations.

Thus the fight goes on today with almost as much bitterness as was witnessed two years ago. That issue is by no means a dead element in Fresno county politics. Just how much effect it will have on the election remains to be seen. Those who maintain that McWhirter committed suicide and was not murdered, may affect to disregard it not despise the other faction; but the silent language of the ballot box will have the final say in the matter.

George B. Graham has a special disadvantage to contend against in his race for the superior judgeship. The fact that he was the legal adviser of the Triangle, now dead, is a matter which will not help his race. Of course, as is well known, Reel B. Terry was the legal adviser during the first part of the Triangle's administration, but he resigned, and Mr. Graham stepped into the vacant shoes, and wore them so comfortably that it could be seen that he felt at home in them. It is generally understood that he was the real adviser, although Terry held the office of the city attorney. There is not much said of this, but like the McWhirter matter, it is the subject of a good deal of thinking, and the people in the country understand it as thoroughly as those in the city.
